

6 Month Innovation Incubator Internship - Data Analysis

(CASDA1207)

ESPA or European Student Placement Agency is a recruitment agency whose goal is to find high quality internships for European students and recent graduates in the UK. We work closely with our host companies to ensure the positions provide the candidates with a great experience, both professional and personal.

BENEFITS: All ESPA's services are **free** for students and alumni. The benefits are:

- 1) Paid Accommodation
- 2) Paid Utility Bills (electricity, gas, water and council tax) + Internet Access
- 3) Commuter travel to work.

This will be sourced and managed on your behalf by ESPA. **These benefits have an approximate value of 1200€ per month.**

There is no salary over and above the benefits offered, unless specifically stated.

To know more, please visit: www.espauk.com

The Host Company

Our client is a **world leader** in the field of **automotive and industrial lubricants**. The company works closely with leading industry OEMs (Original Equipment Manufacturers). There is a significant opportunity to join a step out **innovation and venture team** within this major corporation.

The "innoVentures" team are looking for 12 interns to form an open innovation incubator targeted at specific market 'territories' as a potential source of new business opportunities. **The aim of the team is to choose an area of focus from a broad scope, build insight and develop proposals for potential businesses delivering revenue over the medium to long term.**

The Role

This opportunity will be attractive to **students and recent graduates** who wish to apply their specific skills and expertise in a progressive and challenging environment and with the ability to think broadly and deeply about the world; specifically the rapidly emerging technologies and the social and environmental changes that underpin many of the wider global market disruptions in evidence today.

Start Date

End September 2016.

Duration

6 months.

Location

London.

Languages

Fluent in written and spoken **English (C1/ C2)**.

Tasks

Analyse the business and market opportunities both globally and by market
Generate new business ideas to help the company in the following areas:

creating a better mobility experience in the vehicle, around the vehicle and independent of the vehicle.
driving technology leadership in liquids and materials
transforming the production and logistics process for their business customers.
finding sustainable energy solutions in their core areas of energy and lubricants.

Set up and **run test trials**. Along with other team members, the intern would be expected to find out: What do users value and engage with or not? How do they react to various service related offers?

Personal Skills

- Analytical skills
- Excellent communication skills
- Market Research and Data Analysis skills
- "Can-do" attitude
- Fast learner
- Good internet research skills
- Good organisation
- Ability to work in teams
- Experience with survey tools, SPSS, Google Analytics (or similar) would be helpful, though not essential.

How to apply

STEP 1) Please, register with us at <http://www.espauk.com/students/register-with-us>

STEP 2) Please, send an email to innovate@espauk.com with the reference code **CASDA1207** attaching your CV as a PDF file. A cover letter is always helpful.

Are you eligible?

ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents.
